## **Urologic Male and Female Consent for the Pelvic Exam**

A pelvic exam is a part of the physical evaluation of the patient presenting with many medical conditions. A pelvic exam can be performed in the office awake or under anesthesia.

A female pelvic exam can involve an assessment of the external genitalia, vagina, bimanual palpation of the bladder, uterus, adnexa and rectum.

A male pelvic exam can involve an assessment of the penis, scrotum, testicles, inguinal canal, rectum and the prostate and seminal vesicles.

The potential benefit of a urologic pelvic exam includes the detection of many types of cancers, inflammatory conditions, prolapse, hernias or incontinence. It also may help the urologist explain normal anatomy and answer your specific questions.

Some patients may have fear, anxiety or embarrassment from a pelvic exam. If you have any concerns, you should discuss them with your health care provider. There are generally no significant risks with a pelvic exam.

These are few alternatives to a pelvic exam. The alternatives may not be as effective for providing diagnostic information or therapeutic improvement, and may carry their own set of potential risks.

I understand that this patient consent form is required by law, and by signing this form I am making an informed decision to have a pelvic examination, and that I have read and understand the information above. I understand that this form does not list every possible risk. I was not given any guarantee about the final result of this procedure

## **Patient Responsibility Policy**

**Effective 1/1/2020**

To Our Patients:

We have implemented a new Patient Responsibility Policy requiring a credit card on file effective 1/1/2020. As you may be aware, the current healthcare market has resulted in insurance policies increasingly transferring costs to you, the insured. Some insurance plans require deductibles and copayments in amounts not known to you or us at the time of your visit. Similar to hotels and car rental agencies, you are asked for a credit card number at the time you check in and the information will be held securely until your insurances have paid their portion and notified us of the amount of your share, then you will receive a receipt.

This card can be charged for the following reasons:

- Co-payments not collected from you at the beginning of your visit
- Missed or canceled appointments without 24 hour notice (\$75)
- Patient responsibility balances identified by your insurance company

Check out will be easier, faster, and more efficient. This in no way will compromise your ability to dispute a charge or question your insurance company's determination of payment.

## **Patient Responsibility Policy**

**Effective 1/1/2020**

Thank you for choosing Michael P Zahalsky MD PA (Z Urology) for your urological health needs. We are committed to providing you with exceptional care, as well as making our insurance billing processes as simple and efficient as possible. Recent shifts in the healthcare industry have resulted in insurance companies increasingly transferring costs to our patients, you, the insured. This is driving many practices to adopt new financial policies to enable more efficient operational processes. Some insurance plans require deductibles and co-payments in amounts not known to you or us at the time of your visit.

To streamline our billing and payment system and to provide a seamless, convenient way for patients to pay their bills, effective January 1, 2020, we will require all patients keep an active credit card on file with us. We will bill your insurance company first and upon their determination of benefits, we will only charge your credit card after we are notified of your patient responsibility. Circumstances when your card would be charged include but are not limited to:

- missed or canceled appointments without 24 hour notice, (\$75)
- co-payments,
- patient responsibility balances as identified by your insurance plan

Once your insurance has processed your claims, they will send an Explanation of Benefits (EOB) to both you and our office showing the amount of your total patient responsibility. You will typically receive the EOB before we do, so if you disagree with the patient responsibility balance owed, it is your responsibility to contact your insurance carrier immediately.

When we receive the EOB, we will enter all pertinent payment information into our system. Any remaining balance owed by you will be charged to your credit card and a copy of the receipt will be sent to you.

If the credit card we have on file for you changes, please notify our office staff IMMEDIATELY by phone or email. It is not uncommon for people to change or cancel their credit cards for various reasons, including when a credit card expires. That is quite understandable. If we run your credit card and it is denied for any reason, we reserve the right to charge an additional \$25 declined card fee if we are not able to run a new credit card within 7 days. We will contact you by email or leave you a phone message on the phone number you provided for us, asking you to give us a call with the new number right away. We will enter the new credit card number into your file, and that will become your new card on-file, subject to the same financial policy as the card you gave us in-person when you were in our office.

If there is a problem with your bill/claim and it is brought to our attention after your credit card payment processes, we will investigate it and if we owe you the money, we will refund it to the same card in a timely manner.

We understand that there are legitimate reasons that you may not have a credit card. If this is the case, you are welcome to leave an HSA (Health Savings Account) or Flex Plan Card on File or advance payment on account. You may also pay for the visit with cash or a personal check.

I allow Z Urology to automatically charge my credit card for any outstanding balances. These may include:

- insurance denials for ANY reason (including no referral on file);
- Co-Pays, Deductibles, Co-insurances; as determined by our insurance plan

If the credit card that I give today changes, expires, or is denied for any reason, then I agree to immediately give Z Urology a new, valid credit card which I will allow them to key-in over the phone. Even though we are not swiping this card in person, I agree that the new card will still be subject to the financial policy listed here and may be used with the same authorization as the original card which I presented in person.

I understand that I am responsible for payment for all medical services provided to me by Z Urology. I understand that my insurance may deny or delay payment for these services or only partially pay them, and I agree to allow Z Urology to immediately charge my credit card on file for the balance if that happens. I understand that this form is valid until I cancel this authorization through written notice to Z Urology.
